

What is the LEAP Leadership Incentive?

The LEAP Leadership Incentive is offered as a means of fostering leadership and good management at the chapter level. Each chapter may apply for an award of up to \$100 per year. The specific award amount is determined by the National Board at the start of the fiscal year.

There are three ways a chapter can earn the LEAP Incentive:

- 1) Send a representative to the National Conference/Convention and have the attendee obtain LEAP certification
- 2) Send a representative to a Regional Leadership Conference and have the attendee obtain LEAP certification
- 3) Other leadership events such as Executive Board retreats, university sponsored events, officer transition events, other Greek leadership activities, or any other leadership event your University offers.

If you choose to apply the Leadership Incentive for an event not sponsored by Phi Sigma Rho, you must submit your receipts to be eligible for reimbursement, which will be no greater than \$100.

For all events, the Incentive will be disbursed as a credit towards the next chapter invoice.

Who is eligible?

Any Phi Sigma Rho chapter is eligible to apply if they are in good standing with the Sorority. The chapter is eligible to receive only one award per fiscal year (the amount is pre-determined by the National Board). The chapter as a whole must apply for the incentive, not individual sisters. Nevertheless, attendance of individual sisters at certain events may qualify the chapter for the award.

How do I apply?

After the leadership event, submit the LEAP Leadership Incentive Application. Upon receiving the application, the LEAP Director and/or Committee will determine whether or not the selected activity is an appropriate way to foster and build leadership within the chapter.

Should a chapter have concerns about whether or not their planned event meets the criteria for the award, the chapter may email the LEAP Director (leapdirector@phisigmarho.org) **prior** to the event to confirm). Otherwise, the application will be reviewed post-event after the application is received and may or may not be approved.

Upon completion of the chosen leadership event, the chapter has one month to submit the application to the Leadership Director.
